

Dear Valued Customer;

Thank you for allowing us to be your LP Gas supplier. We look forward to providing you with uninterrupted service for many years to come. In order to provide top quality service we need your cooperation.

You are receiving this notice because your account is either, *C.B.D., Will Call, or 100 lb. cylinder customer.*

If your account is *C.B.D.*, we require you to keep enough money on your account to pay for at least 50 gallons, which will be delivered the next time we're on your route. If you do not keep an adequate amount of money on your account, we will not stop to check your tank. However, if you need gas you can choose to pay for a special trip, **\$95 if you pay in the office or online before 3:00p.m., \$160 after 3:00pm but before 5:00pm.** \*Money must be paid in advance in order for a special delivery to be made.

If your account is *Will Call*, we need at least 10 days notice to insure the delivery before you run out of gas. However, if you need gas you can choose to pay for a special trip, **\$95 if you pay in the office or online before 3:00p.m., \$160 after 3:00pm but before 5:00pm.** \*You must have a current charge account established.

If you have a *100 lb. cylinder*, we will fill these cylinders only once a year, in the beginning of the heating season. However, if you need gas you can choose to pay for a special trip, **\$95 if you pay in the office or online before 3:00p.m., \$160 after 3:00pm but before 5:00pm.** \*You must have a current charge account established.

Please plan ahead for the next heating season. Take advantage of our budget program, this plan gives you 11 equal payments based on your previous/estimated usage. You can also pay for your deliveries online or have it drafted. We prefer that you always have the gas that you need and at the best possible price, but in order for this to happen you must sign up for the budget plan.

Thank you.
